PROFESSIONAL EXPERIENCE

A.D.E. - Aide à la Décision Economique **Louvain-la-Neuve, Belgium**
Impact Evaluation Intern **10/2025 – 01/2026**

- Job description: I supported a wide range of evaluation activities, from proposal development to analytical work and report drafting. My main contribution was to the Strategic Evaluation of the Dutch development bank (FMO) where I conducted a detailed portfolio analysis of investment activities. This included targeted data analysis, mapping investment trends, and engaging with private and institutional stakeholders through workshops and consultations. In addition, I contributed to the preparation of proposals for several high-profile evaluation assignments, such as the Evaluation of the African Development Bank's support to private sector engagement in agriculture. My work involved background research, methodological design input, and the production of data visualizations.
- Skills acquired: Analytical skills, data analysis and visualization, evaluation methodologies (OECD-DAC criteria), report writing.

European Centre for Economic Policy Analysis and Affairs (ECEPAA) **Brussels, Belgium**
Project and Research Assistant **02/2025 – 07/2025**

- Job description: The internship involved contributing to the implementation of European projects in the fields of migrant integration, home affairs, and education. As part of the IMPACT – Erasmus+ project, I managed communication with international partners and co-authored a research article on high school students' engagement with climate migration, for which I handled the data cleaning and analysis of open-ended survey responses.
- Skills acquired: analysis of survey data, academic writing, project management, stakeholder communication.

Université Catholique de Louvain **Louvain-la-Neuve, Belgium**
Research Assistant **07/2024 – 08/2024**

- Job description: As a Research Assistant, I supported Prof. Jean-François Maystadt and Dr. Silvia Peracchi in assembling a comprehensive individual-level dataset on municipal election candidates in Italy. My responsibilities included using R to merge multiple datasets, conduct extensive data cleaning, and perform exploratory statistical analyses to assess data quality and uncover key electoral patterns.
- Skills acquired: Data analysis, R, critical thinking.

Università degli Studi Roma Tre **Rome, Italy**
Undergraduate Teaching Assistant in Statistics **10/2022 – 05/2023**

- Job description: The tutoring activity concerned the organization of weekly lessons where students could have clarifications about the theory and practice exam's exercises.
- Skills acquired: Teaching skills, organizational skills, expanded expertise in the subject matter.
